BICC-CLERICAL TRAINING PROPOSAL

BACKGROUND

Historically, the BICC has underwritten the short term upgrading clerical training programs co-sponsored with business and industry to constructive and fruitful conclusions. BICC would like again to sponsor this kind of involvement to pick up the challenge which the late SEED program closed out as of December, 1970.

BICC has recognized a basic truth, that no individual can succeed in employment with inadequate reading skills or ability to handle simple mathematics. Hence the concern and emphasis on basic reading skills by BICC.
